The Expedition Adventure

Once upon a time, there was a group of friends who loved to explore. They were called *The Adventurers*. They decided to go on a big trip to the mountains to discover new places and have fun.

The leader of the group was Jack. He was brave and always ready for an adventure. His best friend, Mia, loved to take photos. There was also Tom, who was good at finding maps. Finally, there was Sara, who carried the food and water for the team.

One bright morning, the team packed their bags and started the journey. They walked through forests, crossed small rivers, and climbed hills. The weather was nice and sunny, and everyone was happy.

After a long day of walking, the group found a beautiful place to set up camp. They made a fire and sat around it, telling stories and eating. Mia took many pictures of the sunset. It was a peaceful night.

The next morning, they woke up early and continued their journey. As they climbed higher, the air became colder. But they did not stop. After some hours, they reached the top of the mountain. From there, they could see the entire valley below. It was the most amazing view they had ever seen!

The team took some photos, and then Jack said, "This is a special moment. We did it together!"

They were tired, but happy. The expedition was a great success. They had learned a lot, seen beautiful things, and become closer friends. They knew that many more adventures were waiting for them in the future.

And so, the expedition of *The Adventurers* ended, but the memories would last forever.

1. **Who was the leader of the group?**

A) Tom was the leader.

B) Mia was the leader.

C) Jack was the leader.
