5. Read the text and answer the questions.

When you go in, you can find a hall. On the right, there is a kitchen. Opposite the entrance door, there is a sitting room and on the left there is a corridor to the bedrooms and the bathroom. The kitchen is small, but it's OK for us. In the kitchen, there is a window. Its curtains are yellow. There is a stove and a washing machine. Opposite there is a fridge and a sink. In the middle, there is a white table and two white chairs. Oh, there are some cupboards, too, for pots and pans, dishes, and so on.

Next to the kitchen, there is a sitting-room and a dining-room. On the left, you can see the dining room. There is a glass table and four black iron chairs. There is a piece of furniture with glasses and DVDs, and there are some pictures on the walls. On the right, you can find the sitting-room. It has a burgundy sofa and two green armchairs. Opposite the sofa is the TV set. I go to sleep in front of the TV after lunch! There are some plants and there is a big window. This room has a lot of light. I love it!

The first room is my office. It has three bookcases and a lot of books. There is a desk and there is a personal computer on the desk. There is a printer, too. There is a CD player and a lot of music CDs. There are a lot of pictures – family photos and photos with friends. Next, on the left you can find Pedro's office. Pedro is my husband. He is a teacher. He loves reading, so he has a lot of books. He loves playing the guitar, too – the Spanish guitar. There is also a computer.

The third room is our bedroom. There is a bed, a built-in closet, a long mirror, and two bedside tables with small lamps. There are no pictures on the wall. It's very simple. Opposite this bedroom, there is a bathroom. It has no window and the walls are brown. I don't like this. So I use orange towels! There is a toilet, a wash-basin, a bath tub and a mirror. It's OK. At the end of this corridor you can go upstairs. There is an attic. It's very big and it has a lot of light. There are two single beds, for friends. There is a toilet, too. There is a computer and music equipment. There are a lot of books and music CDs. Finally, there is a cupboard for the vacuum cleaner and for my painting equipment. I love painting!
