Part 3: Questions 14-18

For each question, choose the correct answer.

Reading Passage:

For the past three years, I have lived with my grandparents in a small countryside village. Life here is different from the city. People wake up early, and most of them work on farms. My grandparents grow vegetables and raise chickens. Every morning, we collect eggs and pick fresh vegetables for breakfast.

The village has one school, and all the children study there. It's not big, but it has everything we need. There's a library, a small computer room, and a playground. The teachers are very kind and help us learn a lot.

Every weekend, we have a market in the village valley. Farmers sell fruits, vegetables, and handmade products like baskets and wooden toys. It's the best time to meet friends and buy things for the week. Visitors also come to enjoy the quiet and beautiful views. My favorite thing to do is to ride my bike along the river in the evening.
