Questions 5 – 7 refer to the following notice.

Attention: Public Notice

So that we can serve you better, Bay Avenue Metro Station will be closed from June 13 to June 20 for major renovations. New arrival and departure screens, a state-of-the-art communications system, and LED lighting will be installed, among many other improvements.

Please be prepared to take alternative means of transportation during that time. There will be a free shuttle bus service from Bay Avenue Station's east entrance to Woodland Station, which will remain operating. Note that due to extra crowding at other stations during the shutdown, as well as heavier-than-usual traffic due to construction on Bay Avenue, commuters should allow for an additional 15–30 minutes to get to their destinations, especially during peak hours.

This will be the first in a series of station shutdowns as the City Transit Authority upgrades the city's busiest subway line. We will keep you informed, and we apologize for any inconvenience.

MEMO

To: All YourHomeDecorator.com staff
From: Hector Contreras, IT Department Head
Re: New data center

As you may know, because of our company's rapid growth, we have been building a new data center to host our intranet, databases, and business applications. [1] Today I am pleased to announce that the facility will be up and running this Thursday, November 6. The superior processing power of the new data center will greatly improve the performance, security, and reliability of the website as well as our intranet. [2]

However, migrating all of our data to the new equipment will involve briefly taking the entire system offline. [3] The process will begin on Thursday at 3:00 p.m., so employees (other than IT staff) will be free to leave work at that time. We are confident that we can finish the process before 9:00 the following morning so that the workday can proceed as usual. However, we will notify you if that changes. If you have any questions or concerns, please direct them to me at hcontreras@yourhome.com, or call extension 4846. [4]

8. What is the purpose of the memo?
(A) To inform coworkers about a new data center and its effects
(B) To notify customers of a disruption in service
(C) To invite coworkers and customers to a special event
(D) To seek employee input on a data center

9. What will happen on Thursday, November 6?
(A) The company website will become unavailable.
(B) The whole staff will visit the data center.
(C) The IT staff will meet with customers.
(D) IT employees will be allowed to leave work early.

This hotel is great value for money. The free breakfast was above-average, and my room was clean and comfortable. I also appreciated the free shuttle rides to the water park and other attractions.
