Hello Tania,

It's great to hear from you again. I apologise for the delayed response; the workshops kept me quite busy. I'm glad to know that you are finally moving into your brand-new apartment. I know you have been waiting a long time for this.

I believe you would be much better off renting a vacation rental and a vehicle, allowing you to tour the area at your own convenience and speed. As you can see, the apartments are really reasonably priced. We had a great time at the place we stayed in; I'll send you the specifics.

Love,
Maria

Individuals who lose weight gradually and steadily—roughly one to two pounds per week—are more likely to maintain their weight loss than those who drop it abruptly."
