_____	ten million one thousand and twenty-eight
_____	six hundred twenty-three thousand one hundred and twenty-three
7 234 452	_____
35 080 470	_____
$\frac{2}{3}$	<u>two - thirds</u>
$\frac{6}{8}$	_____
$\frac{\square}{\square}$	three - fifths

RAINBOW ENGLISH CENTER

2. Look at the picture and read the story. Write some words to complete the sentences about the story. You can use 1, 2, 3, or 4 words.

One day, three friends, Lily, Tom, and Mia, went to the supermarket. Each of them had to buy four items that cost less than 200 000 VND. Lily picked four juicy apples, each costing 15 000 VND. Tom grabbed a box of chocolates, priced at 50 000 VND per box, and three colorful pencils for 10 000 VND each. Mia found a delicious cake for 100 000 VND, two bags of chips for 30 000 VND each, and a bottle of refreshing juice for 30 000 VND. After checking out, they gathered to see who spent the least. Lily won the games and used her savings to buy ice cream for her friends. They left the supermarket happily.

Examples:

Lily, Tom and Mia went to the supermarket.

Questions

- Lily bought _____ which cost 15 000 VND each.
- Tom grabbed a box of chocolates and three colorful pencils which were price at _____ in total.
- Mia found a delicious cake, _____ and a bottle of refreshing juice.
- _____ spent the least and won the game.
- Lily used the money she saved to _____ for her friends.

RAINBOW ENGLISH CENTER

3. Read the sentences and write T (True) or F (False).

<i>Examples: Lan has 575 000 VND in her savings account, while Nam has 680 000 VND. So, Lan has more savings.</i>	F
a. In 2022, there were 8 435 650 people living in Ha Noi, and 9 389 720 people living in Ho Chi Minh City. So, Ha Noi had the greater population .	_____
b. In 2023, school E had 8 123 456 books, and school F had 7 654 321 books. So, school F had fewer books than school E.	_____
c. The chicken farm A has 534 391 chickens. The chicken farm B has 258 224 chickens. So, there are 792 615 chickens in total .	_____
d. The farmers harvested 951 278 apples. They have sold 328 051 apples. So, the farmers have 523 227 apples left .	_____

4. Read and answer the questions

In 2023, the number of tourists visiting the following cities was:

- City A: 2 345 678 people
- City B: 1 987 654 people
- City C: 3 456 789 people
- City D: 2 876 543 people

a. Which city had **the highest** number of tourists.

b. Which city had **fewer** number of tourists, city A or D?

c. Which city had **the lowest** number of tourists?

d. Arrange the cities in **ascending order** by the number of tourists.

2. These animals help flowers pollinate.

solar energy

3. It is a movement of air that can help flowers pollinate.

flower

4. The flowers that have have both stamens and pistils.

toaster

5. It is a type of clean energy that people produce electricity from the sunlight.

hair dryer

6. It is a type of clean energy that people produce electricity from the water of a river or lake.

wind

7. It is a machine that heats bread so that it becomes brown.

wind energy

8. It blows out hot air and is used for drying a person's hair

2. Read the conversation and choose the best sentence. Write a letter (A – H) for each blank. You do not need to use all the letters.

RAINBOW ENGLISH CENTER

Bella: What are you doing?

Will: **H**

Bella: Do you know you can turn sunshine into power?

Will: _____

Bella: Yep! It's called solar energy. People use solar panels that take in the sunshine and turn it into electricity for our homes.

Will: _____

Bella: Absolutely! Windmills with big blades spin when the wind blows. That spinning motion makes electricity. They call that wind energy.

Will: _____

Bella: Great question! We can use the power of moving water from rivers and lakes to create electricity, too. It's called hydro energy. The moving water spins big wheels and makes electricity.

Will: _____

Bella: They are! Solar, wind, and hydro energy are clean energy sources. They don't pollute the air.

Will: _____

- A. Wow, the wind can be so helpful! What about rivers?
- B. Sunshine? Like, for light bulbs?
- C. So, we're helping our planet when using power from the sun, wind, and water. That's awesome!
- D. No, it doesn't. Can people produce electricity?
- E. Great idea! Let's do it.
- F. They're so cool!
- G. Cool! Can they do that with the wind, too?
- H. I am finding information about renewable energy.**

RAINBOW ENGLISH CENTER

3. Read and put the electrical device in the correct column.

ovens
cars
lamps
flashlights
toasters
motorbikes
electric bikes
hair dryers
light bulbs

Produce heat	Produce light	Produce motion
<i>ovens</i>
