

A Complete the text by changing the words in brackets to the correct part of speech (noun, verb or adjective).

OUR DIGITAL REVOLUTION

There's no question that the ¹_____ (technology) breakthroughs of the first two decades of the 21st century have ²_____ (revolution) people's day-to-day lives. Arguably, the scientific ³_____ (achieve) of this short period have been greater than in any other ⁴_____ (history) period. TV, radio, paperback novels, landline telephones and letter writing have been replaced by ⁵_____ (afford) digital devices our grandparents barely dreamed of. It has been a ⁶_____ (create) era, and one that has made life more ⁷_____ (enjoy) for many. Of course, rapid change has its downsides. Being constantly connected can cause ⁸_____ (anxious) for some people, and it has, arguably, ⁹_____ (strength) the ability of big businesses to interfere in our lives. Overall, however, the ¹⁰_____ (possible) that these new technologies bring are incredibly ¹¹_____ (attract). We are lucky to live in such exciting times.
