

3º 4.1 Restar números dos cifras a saltos

$$62 - 35 = 10 + 10 + 5 + 2 = 27$$

Comenzamos a contar desde el sustraendo hasta el minuendo.

Resuelve:

$$42 - 13 = \square + \square + \square + \square = \square$$

$$54 - 22 = \square + \square + \square + \square = \square$$

$$65 - 36 = \square + \square + \square + \square = \square$$

$$61 - 22 = \square + \square + \square + \square + \square = \square$$

$$53 - 25 = \square + \square + \square + \square = \square$$

$$85 - 56 = \square + \square + \square + \square = \square$$
