- 3 At Flinders Chase National Park, visitors come to see the animals **in the sea / on the land and in the sea**.
- 4 Platypuses eat food from **land / water**.

Serengeti National Park is in Tanzania, Africa. 90,000 people visit the park every year to see its amazing animals. There are lions, rhinoceros, cheetahs and elephants, zebras and giraffes. It's most famous for the wildebeests that travel north across the Serengeti, looking for food. More than one and a half million wildebeests make the one thousand kilometre journey every year. Wildebeests live in large groups and they are:

- also called gnu,
- up to 1.4 metres high,
- up to 225 kg.

Flinders Chase National Park is on Kangaroo Island in Australia. Visitors come here to see the kangaroos, wallabies, koalas and platypus and to watch sea lions, seals and whales in the sea. The platypus is a very strange-looking animal. It's got a beak like a duck's beak, feet like duck's feet, a tail like a beaver's tail, and dark brown fur. It's a mammal, but it lays eggs like a bird! It lives on land but it's a very good swimmer and it finds its food at the bottom of rivers or lakes. Visitors to Flinders Chase National Park often go on a special platypus walk to see this amazing animal! Platypuses sleep in the day and hunt at night. They are:

- also called duckbills,
- up to 50 centimetres long,
- up to 1.4 kg.

My favourite podcast is called 'River Life'. It's about the Cooper family and their life. The Coopers live on a boat on the River Thames in London. Jodie and Shane Cooper have got two children – Freddie and Isabel. Freddie goes to school and Isabel is studying engineering at university. It isn't easy living on a boat, and sometimes they have arguments, but they usually make up before the end of each episode. At the moment, Freddie is sad because he's in love with a girl from his school, Priti, but she isn't interested in him. Freddie isn't paying attention in class because he thinks about Priti all the time, but he's got an important exam next week. At home, Jodie and Shane are having an argument. Jodie wants to move out of the boat and live in a house, but Shane loves living on the river and wants to stay on the boat. My favourite character is Freddie's big sister, Isabel. She is getting married to her boyfriend, Piotr, next month, and in today's episode she's visiting a wedding dress shop. Of course, she wants to get the most expensive dress in the shop. But Jodie and Shane aren't very rich, so they don't want to buy it. Will Isabel find a cheaper dress? And will Freddie pass his exam? We'll find out next week!

## Corn Snake Care Sheet

Corn snakes are easy to look after and very beautiful.

They will live for around 10–15 years.

Baby corn snakes are about 30 cm long but they can grow up to 1.5 metres. Keep your corn snake in a warm tank. Feed it on mice once every seven days. Take your corn snake out of the tank sometimes, but don't keep it out of the tank for longer than 15 minutes as it will get too cold.

- 1 Corn snakes are not usually longer than \_\_\_\_\_.
- 2 You should feed your snake \_\_\_\_\_ a week.
- 3 You shouldn't \_\_\_\_\_
