

Homework Units 7 and 8

GRAMMAR

1. Complete the text about the Nile crocodile with the words in parentheses.

Young crocodiles eat frogs, insects, and spiders, but adult crocodiles eat ¹ (big) animals. They eat zebras and buffalos. They can also kill and eat giraffes, which are a lot ² (tall) than them. An average male crocodile weighs 250 kg (or 550 pounds). That's a lot ³ (heavy) than an average male lion, which weighs 190 kg (or 420 pounds). The ⁴ (big) living Nile crocodile is more than 6.1 meters (or 20 feet) long. There was a ⁵ (large) population of giant crocodiles in the past, but hunters killed them in the 1940s and 1950s.

2. Complete the sentences with the words in the box.

something anything everything nothing
anywhere everywhere somebody
anybody everybody nobody
