Amazing homes

A – The Pole House, Victoria, Australia

This house is on a pole – a long piece of metal! The house is about 40 metres above the ground on the end of the pole. The 180-degree views of the sea all round the house are amazing. Many people from all over Australia come with their cameras. They take pictures of the house because it is so unusual. It was built quite a long time ago in the 1970s, and there is only one bedroom and one bathroom in the house.

B – The smallest house in Conwy, UK

This house in Wales is only 6 feet wide by 10 feet long. It was built in the 16th century. There is a living room downstairs and a bedroom upstairs. People lived in the house up until 1900. It is a museum now and tourists from all over the world visit the house.

C – Nautilus Giant Seashell House in Naucalpan, Mexico City

This house is in the shape of a seashell – the house of a small sea animal! It was built in 2006. The man who designed the house wanted to live in a different kind of house with his wife and their son and daughter. The front of the house is made of glass – in lots of different colours – but it is a very strong house!
