#### BETHANY HAMILTON – SOUL SURFER

**1** \_\_\_\_\_

It is sometimes said that Bethany Hamilton was born with the sea in her blood. Her parents, who were keen surfers, had moved to Hawaii before she was born so that they could spend more time in the water. With her parents and two older brothers, she started learning to surf almost as soon as she could walk and she won her first competition at the age of eight. So, it was no surprise when, on the night before Halloween in 2003, she went for an evening's surfing with her friends. The waves weren't very high and she was just lying on her board, relaxing, when a three metre long tiger shark came up from below and bit off her left arm.

**2** \_\_\_\_\_

Thanks to her quick-thinking friends, Bethany survived despite losing over half the blood in her body. She was rushed to hospital where doctors carried out emergency surgery. When she woke up again, her first words were "When can I surf again?" It was sooner than anyone expected. On November 26<sup>th</sup>, she returned to the sea on her surfboard and, in January 2004, she entered her first competition since the attack. Around this time, she was also busy with appearances on television and in newspaper interviews. At first, she wasn't keen on all the publicity but, eventually, she realised that it gave her

a chance to tell people about her life and her beliefs.

**3** \_\_\_\_\_

In the same year, 2004, she wrote her autobiography: *Soul Surfer: A True Story of Faith, Family and Fighting to Get Back on the Board*. This brought her story to a much wider audience and Bethany, despite still being a young teenager with her own disability, was determined to help others who had even worse problems. She was able to do this in 2005 when a youth group asked for volunteers to go to Thailand, which had been badly damaged by a tsunami in December 2004. Bethany went there and was able to help local people overcome their fear of the water.

**4** \_\_\_\_\_

Bethany won her first national surfing competition in 2005 and she turned professional two years later. Although surfing takes up a lot of her time, she has other passions. She raises money for a number of good causes and promotes a healthy diet and lifestyles. In 2011, her amazing story was made into a film and, once again, Bethany was able to reach an even wider audience and has become a role model for many people with disabilities. When a journalist asked what she would do if she could get her arm back, her reply was immediate. She wouldn't want to change her life as it was the loss of her arm which made everything that she has achieved possible.
