Write down the 5 SMART Rules about being safe when using the Internet

# Online Safety

Follow the **SMART** rules to help stay safe online.

## Safe

Stay **safe** online by not sharing your personal information.

## Meet

Do not **meet** anyone who you have only become friends with online.

## Accept

Do not **accept** messages and friend requests from people you do not know.

## Reliable

Not everything online is **reliable**. People online are strangers and you can't always trust everything they say.

## Tell

**Tell** an adult you trust if anything happens online that you do not like.

## Be careful what you share online!

Stop and think before you share information online.  
Don't say or do anything that you wouldn't do in the real world!
