

NOTICE TO ALL RESIDENTS

Date: April 10, 2026

Subject: Scheduled Maintenance and Improvements

Dear Residents,

We hope this message finds you well. We are writing to inform you of upcoming maintenance activities aimed at enhancing the comfort and safety of our building. Your cooperation during this time is greatly appreciated.

1. HVAC System Maintenance:

To ensure our heating and air conditioning systems are functioning optimally, we will be performing routine maintenance on the HVAC units. This will take place from April 15 to April 17, 2026. Residents may experience temporary interruptions in heating or cooling. We recommend adjusting your thermostat accordingly and dressing suitably for the fluctuations.

2. Fire Alarm Testing:

For the safety of all residents, we will conduct fire alarm system testing throughout the building on April 19, 2026. Residents may hear alarms during this time, but please note that this is a routine test. We ask that you do not be alarmed and remain calm; all alarms will be fully functional afterward.

3. Elevator Maintenance:

The elevators will undergo maintenance to improve their performance and reliability on April 22, 2026. During this day, one elevator may be temporarily out of service at a time. We appreciate your patience and suggest using the stairs when possible for a brief period.

4. Landscape Improvements:

To enhance the exterior appearance of our building, landscaping improvements will be made from April 24 to April 26, 2026. Workers will be present in the outdoor areas during this time. Residents are encouraged to avoid these areas while work is in progress for safety reasons.

5. Water Shut-off Notice:

There will be a temporary water shut-off on April 28, 2026, while we perform essential plumbing repairs. The water will be turned off from 9:00 AM to 5:00 PM. We recommend that residents store enough water for personal use during this time.

If you have any questions or need assistance, please contact the management office at (555) 987-6543 or email us at contact@clb5residents.com.

We appreciate your understanding and cooperation as we work to maintain and improve our living environment.

Best Regards,
Sarah Johnson
