

## I Don't Feel Good!

Translate these words into your native language.

pain=\_\_\_\_\_ ache=\_\_\_\_\_ sore=\_\_\_\_\_ hurt=\_\_\_\_\_ broke=\_\_\_\_\_

pain = very bad feeling in body for a short or long time

Listen and repeat.

Record:

He is having  
chest pain.

ache = bad feeling in body that lasts for a long time

Record:

He has an  
earache.

sore = bad feeling when you touch or move a body part

Record:

He has a  
sore throat.

hurt = cause a body to feel bad or have a bad body feeling

Record:

He has a  
broken arm.  
His arm  
hurts.

Answer the questions.

Do you have a sore throat? \_\_\_\_ Do you have chest pain? \_\_\_\_

Do you have an earache? \_\_\_\_ Does your arm hurt? \_\_\_\_

## THINK!

These people have **aches**. What kind of **aches** do they have? Draw lines.

Who has a backache?  
Who has a stomachache?  
Who has a headache?  
Who has a toothache?  
Who has an earache?

## These people hurt!

Translate these hurts into your native language.

sprained ankle \_\_\_\_\_ leg cramp \_\_\_\_\_ runny nose \_\_\_\_\_

bloody nose \_\_\_\_\_ broken arm \_\_\_\_\_

What's wrong? Answer the questions. Use the "hurt" words above.

Write sentences. Use the pattern, "S/He has a \_\_\_\_\_."

What's the problem?
