

Guess

SONG WORKSHEET

[Intro: Charli xcx]

Hey, Billie, you there?

Uh-uh

[Verse 1: Charli xcx]

You wanna guess the colour of my 1._____

You wanna 2._____ what I got goin' on down there

Is it pretty in pink or all see-through?

Is it showin' off my brand-new 3._____-back tattoo?

**You wanna put 'em in your 4._____, pull 'em all down
south**

**You wanna turn this shit out, that's 5._____ I'm talkin'
about**

**Pu-pu-pu-put 'em in your mouth, pull 'em all down
6._____**

**You wanna turn this shit out, 7._____'s what I'm talkin'
about (Yeah)**

[Chorus: Charli xcx]

Try it, bite it, 8._____ it, spit it

Pull it to the side and get all 9._____ in it

Wear 'em, post 'em, might 10._____ it

Send 'em to The Dare, yeah, I think he's with it

Try it, bite it, 11._____ it, spit it

Pull it to the side and get all 12. _____ in it

Wear 'em, post 'em, might 13._____ it

Eat it up for lunch, yeah, it's so 14._____

(Work it out)

[Verse 2: Billie Eilish]

Don't have to guess the
Already know what you've
It's that lacy black pair
The ones I picked
I saw them when you sat down,
I'm gonna tell you right now,

they're all I'm thinkin' about
with the little bows
got goin' on down there
out for you in Tokyo
color of your underwear
they were peekin' out

[Chorus: Billie Eilish]

I wanna try it, 15._____it, lick it, spit it
Pull it to the side and get all 16._____ in it
Kiss it, 17._____ it, can I fit it?
Charli likes 18._____, but she knows I'd hit it
(Knows I'd hit it)
Charli, 19._____ me if you're with it

[Bridge: Charli xcx, Billie Eilish, Charli xcx & Billie Eilish]

I will not ask you how many times they say "Guess", I'm
kind. But if you're curious it's 32

[Outro: Charli xcx, Billie Eilish, Charli xcx & Billie Eilish]

You wanna guess what me and Billie have been
20._____ about? (We've been disrespectful)
Still tryin' to guess the 21._____ to my Google Drive
(Are you obsessed with me?)
You wanna guess the address of the
22._____ we're at (You know you're not invited)
You wanna guess if we're 23._____ about this song
