Unit 7 – lesson 5,6,7

Read and complete the text with the words from the list.

There are two things that cause the tides: the moon and the sun. But the main [1] _____ is from the moon. When it moves around the Earth, its [2] _____ pulls the water on Earth towards it. This causes a high [3] _____ in the water nearest the moon. On the opposite side of [4] _____, the moon's gravity pulls the Earth away from the water, so you get another high tide.

Read the following text and answer the questions.

King Canute was the king of England around 1,000 years ago. He was a very fair king and looked after his people well. His officers always told him that he was a great man who was very strong and intelligent. But King Canute became bored of what his officers said. He wanted to show them that he was a normal person.

One day, he was with his officers on the beach in Southampton, a city in the south of England. His officers said to him, "There isn't anything in this world that would disobey you because you are so great."

"But what about the sea?" asked King Canute. "Do you think it will obey me?"

"Of course!" said the officers. "Everything in this world obeys you, great king!"
