Completa la secuencia numérica

The worksheet contains four number sequences, each represented by a row of circles. The first sequence starts with 2 and 4. The second sequence starts with 9 and 10. The third sequence starts with 3 and 11, and includes 15. The fourth sequence starts with 18 and 16. Each sequence has five circles in total, with some numbers already filled in. The worksheet is decorated with two pirate characters: one on the left wearing a red bandana and another on the right wearing a black pirate hat and holding a sword. The website www.edufichas.com is visible at the bottom left of the worksheet area.
