Hi Charlie,

Would you like to come to our new show at school? It's a funny fairy tale with lots of familiar characters, but it isn't a traditional story because it's a modern fairy tale. The princess is very clever and she's strong and brave too. The prince isn't clever – he's lazy and mean, and the princess doesn't like him. The hero of the story is a magician. He's more hard-working and more generous than the prince, and the princess likes him more than the prince! There aren't any dwarves or wolves in the story. There's a little girl called Willow. She's very naughty and selfish. There's also a little boy called Timothy. He's kinder than the girl. He has a puppy called Spot. I hope you can come to the play. I think you'll like it! Maya

PS I'm the magician in the play!
