

 Read "The day man stepped on the moon" in your student's book.
Put the events in order.

- ☐ Neil Armstrong opened the door and was the first man to step on the moon.
- ☐ The astronauts practised how to walk on the moon.
- ☐ In 1961, the President of the United States of America started the Apollo programme.
- ☐ Armstrong and Aldrin went in the Eagle while Collin stayed in the Apollo 11.
- ☐ Scientists designed and built spacecraft to fly to the moon.
- ☐ On 20th July 1969 the Eagle landed on the moon.
- ☐ Finally, the spacecraft Apollo 11 and the astronauts were ready to fly to the moon.
