LIVEWORKSHEETS

Learning Objectives

1.Analyze Narrative Texts:

Students will be able to analyze the social functions, structures, and linguistic elements of oral and written narrative texts, such as folklore, legends, and fables, within appropriate contexts.

2.Understand Narrative Meaning:

Students will be able to comprehend and interpret the meaning of oral and written narrative texts, identifying key themes and messages in folklore, legends, and fables

3.Compose Narrative Texts:

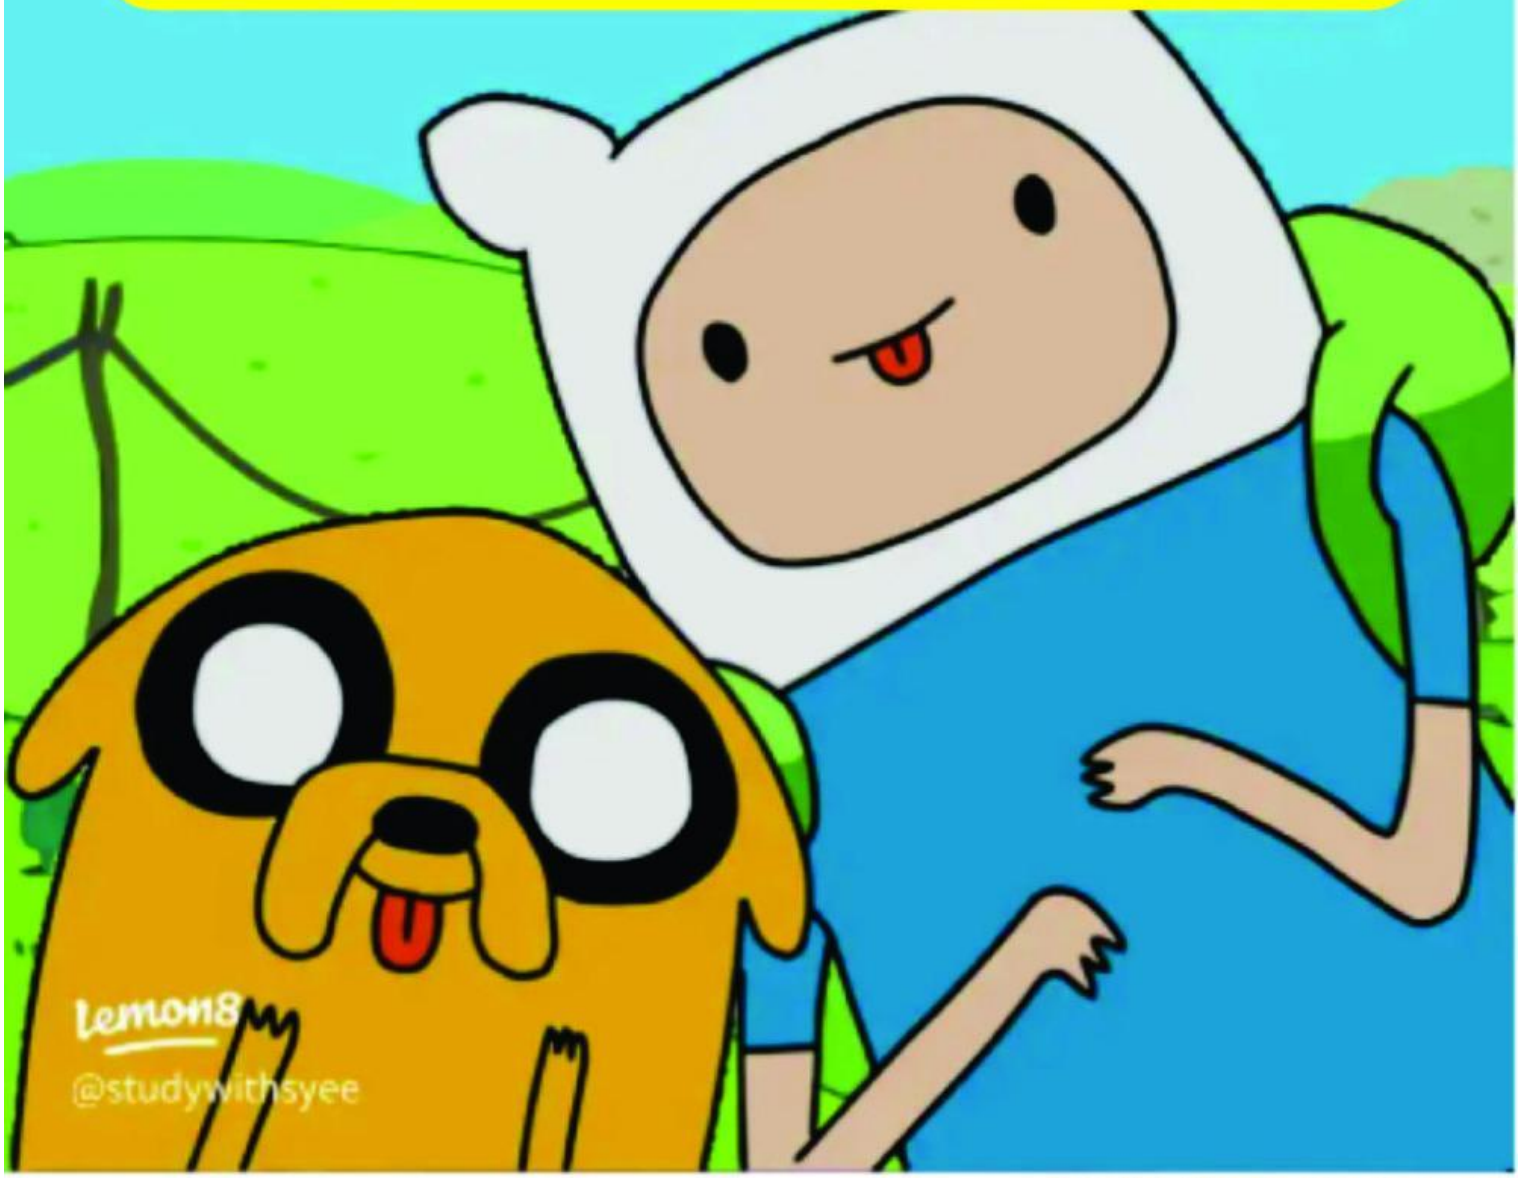

Students will be able to create their own oral and written narrative texts in the form of folklore, legends, or fables, ensuring that they adhere to the established social functions, structures, and linguistic elements relevant to the context.

Activity 1

The Lion and the Mouse

Once upon a time, there was a lion living in the forest. One day, he was resting in the sun when a little mouse ran across his nose. The lion woke up angrily and caught the mouse in his paw.

The mouse begged the lion to let him go. "Please let me go, and someday I will help you," said the mouse. The lion, feeling amused, decided to release the mouse.

A few days later, the lion was trapped in a hunter's net. He roared loudly, but no one could hear him. The mouse heard the lion's roars and rushed to his aid. The mouse gnawed through the ropes of the net, setting the lion free.

The lion was grateful and thanked the mouse. "I never thought that a small creature like you could help me," said the lion.

Instructions: Fill in the blanks with the correct words based on the text.

1.Once upon a time, there was a _____ who lived in a forest.
