Task 2: Read and answer the questions

Different Jobs in the World

People do different jobs to earn money and help society. A doctor looks after sick people and helps them get better. A teacher teaches students important subjects like math and science. A firefighter is brave and puts out fires to save lives.

Some people work in offices. A manager organizes work and makes sure everything runs smoothly. A secretary helps by answering calls and arranging meetings.

Other jobs are more creative. A fashion designer creates clothes, and a fashion model wears them on the runway. A photographer takes pictures for magazines and advertisements.

No matter what job a person has, every worker is important in making the world a better place!

1. What does a doctor do?

_____

2. Who helps students learn?

_____

3. What is the job of a firefighter?

_____

4. Where does a manager usually work?

_____
