

**Task a. Listen and fill in the gap**

Welcome back to the break. Tonight, we have a report on a major (1)\_\_\_\_\_ problem. Yesterday, the police responded to a phone call about (2)\_\_\_\_\_ animal noises coming from a house. The neighbor also told the police they had seen people entering and leaving the house very late at night. The police rushed over to the house to check it out. Inside the house, the police found several (3)\_\_\_\_\_ species, including sea turtles and tigers. Keeping endangered species in your home is (4)\_\_\_\_\_ in our country, which means no one is allowed to have them. The police brought the people who were keeping the (5)\_\_\_\_\_ to the police station. They told us the animals were caught in another country and brought here to be sold. We had a chance to interview the neighbor who called the police. The neighbor said he was (6)\_\_\_\_\_. He could not believe there is illegal (7)\_\_\_\_\_ trade in our city. The animals are all (8)\_\_\_\_\_ and had been taken to an animal hospital. In total, the police discovered (9)\_\_\_\_\_ Tigers and 20 baby sea (10)\_\_\_\_\_.

**Task b. Listen and decide whether the following statements are True or False**

1. The police heard strange noises coming from a house.
2. The people were keeping baby turtles and tigers in the house.
3. The animals were caught in another country.
4. One neighbor said he was very sad to learn about illegal wildlife trade in the city.
5. The police found 50 animals in the house.
