### Princess Kemarau

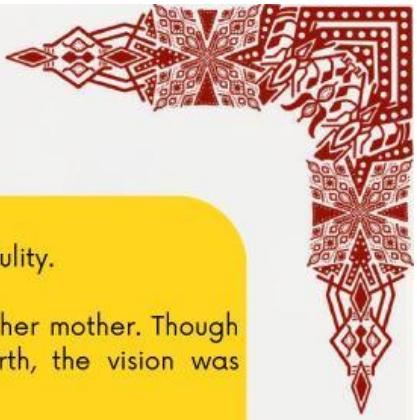

In the ancient kingdom of South Sumatra, a prolonged drought had plagued the land for many years, causing widespread famine and thirst among its inhabitants. The king, deeply troubled by the incessant dry spell, was at a loss on how to alleviate the suffering of his people. He had a daughter, an exquisite and benevolent princess named Jelitani. However, owing to her birth during this relentless drought, she was commonly referred to by the kingdom as Princess Kemarau (Dry Princess).

Despite the harsh conditions, Jelitani blossomed into a paragon of beauty and kindness. One fateful day, an astrologer arrived at the palace, proclaiming that the enduring drought could only be vanquished by the dreams of the Dry Princess. Decades elapsed, and the kingdom remained ensnared by the unyielding drought, with its people descending further into destitution and despair. The king, undeterred, continued to seek a solution to the unrelenting dry season.

"My beloved daughter," the king implored, "there was once a seer who foretold that this kingdom's salvation lies within your dreams. Have you ever experienced any peculiar dreams?"

"Father," Princess Kemarau responded with gentle reproach, "we must place our faith in the divine rather than in prophecies. I am confident that our nation's plight will soon come to an end."

Moved by his daughter's wisdom, the king sought her forgiveness for his credulity.

One night, Princess Kemarau had a vivid dream in which she encountered her mother. Though she had never met her mother, who had perished shortly after her birth, the vision was unmistakably clear.

"Our land will flourish if a woman willingly offers herself as a sacrifice by casting herself into the sea," her mother intoned in the dream.

The princess, upon awakening, recounted the dream to her father. "What course of action must we take?" the king inquired, his voice tinged with apprehension.

Resolute, Princess Kemarau decided to fulfill the sacrificial act delineated in her dream. With a heavy heart, she prepared to leap into the ocean. As her body submerged beneath the waves, torrents of rain began to pour from the sky. The parched earth soaked up the revitalizing water, and the people rejoiced, their long-standing misery finally alleviated. Yet, amidst the jubilation, the king grieved the loss of his cherished daughter.

That night, the king was visited by a dream. In it, he was told that Jelitani was still alive, residing atop the highest hill in the region. At dawn, accompanied by his guards, the king journeyed to the peak. From afar, he discerned the figure of his daughter, Princess Kemarau, standing majestically. Overwhelmed with relief and joy, the king embraced his daughter, overjoyed that she had survived the ordeal.
