

## 2 Read and complete.

branches clean air leaves roots shade shelter soil trunk

### How do trees help us?

There is lots of pollution in our air. Trees give us 1 clean air because their 2 \_\_\_\_\_ take in carbon dioxide and give out oxygen. Trees make the temperature lower. They give us 3 \_\_\_\_\_ when it's sunny.

Trees also provide 4 \_\_\_\_\_ for animals. Owls and squirrels live inside the tree 5 \_\_\_\_\_, and birds make their nests in the tree 6 \_\_\_\_\_.

The 7 \_\_\_\_\_ of the tree take in the water. They go deep down into the 8 \_\_\_\_\_.
