

Problems and treatments

1. Choose correct treatment for the problems:

My finger is bleeding.	
My head hurts.	
My ear is a bit red.	
My hand is swollen.	
My arm is broken.	
I have got a sore throat.	
My leg is itchy.	

2. Match the halves of the expressions:

What seems to be	in your eye.
How long has it	a prescription.
Can you	been like this?
I'll give you	the problem?
Put the drops	see me.
Take one tablet	all right in 3 or 4 days.
It should be	twice a day.
Come back and	move it?

3. Listen and write, what problems have they got?
