- A. The LED displays a dim light.
- B. The LED displays a white light.
- C. The LED does not turn on.
- D. The LED flashes intermittently.

6. What would the colour be if R = 124, G = 34, and B = 0?

- A. Dark red
- B. Light green
- C. Blue
- D. White

7. What is the maximum brightness value that can be set for an LED?

- A. 100
- B. 200
- C. 255
- D. 500

8. Which block allows you to set specific RGB values for the LED?

- LED brightness
- Set RGB Led
- On start
- Play tone

9. What colour does the RGB LED display when R = 255, G = 0, and B = 255?

- White
- Blue
- Purple
- Green

10. What colour combination would you use to make a police siren light?

- A. Blue and Red
- B. Green and Blue
- C. Purple and Red
