Scary donosaurs	Meet the dinosaurs	The origin of dinosaurs
-----------------	--------------------	-------------------------

.....Imagine that you are in the jungle, and you see something enormous moving behind the trees. Suddenly, it walks towards you. It's very big. It has a long tail, a beak and three horns. Don't worry! It isn't a carnivore.

.....All this is possible in the spectacular show *Walking with Dinosaurs*. You can watch them walk and hear them roar. Designers and scientists worked together to create fifteen life-size dinosaurs, including the carnivorous *Allosaurus*, the herbivorous *Brachiosaurus*, and even a baby *T. rex*.

.....Check show times and buy tickets online at www.walkwithdinosaurs.com. Buy one ticket for an adult and get one child's ticket free. What are you waiting for? Make sure you see the return of the dinosaurs.
