5th January

Hi, my name's Sofea. Welcome to my blog! I live in Kota Kinabalu, Malaysia. It's an amazing city with a beautiful landscape. There's sea, mountains, forests and lots of wildlife. Have you ever seen a big Orangutan? Kota Kinabalu is the perfect place for sport and adventure! This year I'm going to write about all the cool adventures I have! I hope you enjoy my blog!

11th February

Today, I went skiing with my family at Escape Penang. Yup, we flew to Peninsular Malaysia for the holidays. Well, it's not the usual skiing in the snow; we did some dry skiing. But it was really fun! After that, we went to Bukit Bendera. The views were breathtaking! We also tried delicious food. Stay with me and follow for more updates. I can't wait to share more!

13th May

I had never been kayaking before, so I decided to try it this month! It's similar to canoeing, but a kayak is much smaller than a canoe and has a paddle with two blades. We went to a kayak school at the Kota Kinabalu Golf Club, which is not far from my house. We practiced for three hours with an instructor and then did kayaking to Tanjung Aru Beach. It was truly exciting and the scenery was amazing! 🤩👍
I am excited to share about hot-air balloon festival! Stay tuned.

20th July

We attended a hot-air balloon festival in Labuan. There were over 100 different hot-air balloons! The balloons were flown at seven o'clock in the morning and 4 o'clock in the evening when the wind was strongest. Today, we woke up early and went for a hot-air balloon ride. I had a panoramic view of the entire city! I always thought hot-air balloons were quiet but they turned out to be quite noisy due to the loud flame. Additionally, the heat was intense! 🤯
I've never been to Kuala Lumpur before and I can't wait to share my experiences from my visit.

It's my 15th birthday, 🎂 and we're in Kuala Lumpur! I wanted to do something special, so we visited the Observation Deck on the 86th floor of the Petronas Twin Towers, also known as KLCC. They are the world's tallest twin skyscrapers, standing at 452 metres high! 🤖 We learned about the tower's history and architecture through digital displays and a mini exhibition. I was happy I visited KLCC with my family and my best friend, Priya. We absolutely loved it. It's the most exciting experience I've ever had! 😊
