

Dear Diary,

- Today, I start my day at 7 o'clock. I live in a small house with my family. I love eating noodles for breakfast, but I don't cook —my mom does! After that, I go to school.
- In class, I use my pencil to write. I want to play outside, but we have a long lesson, so I don't play. I finish school at 5 o'clock.
- At home, I do my homework. I hate math because it is difficult! In the evening, I watch a funny show with my sister. We laugh a lot! But I don't watch TV for too long because I have to sleep.
