Triple Exponential Moving Average MetaTrader 4 Download - Free - [Trading Finder]

The **Triple Exponential Moving Average (Trix)** indicator in MetaTrader 4 filters out minor price changes and fluctuations considered insignificant in trading and provides visual buy and sell signals.

A trade entry signal is generated when the red line (Signal) crosses the green dashed line from below to above or vice versa. Blue arrows in the **MT4 oscillator** indicate **Sell signals**, while yellow arrows indicate **Buy signals**.
