You can learn to read, write and speak English through video lessons, practice exercises and even real-time conversations with native speakers. However, it is important to remember that the internet alone might not be enough to help you learn well and improve your English language skills. It is essential to support your online learning with other activities and resources.

Another good way is reading English books, newspapers or magazines. This activity can help you learn new words, improve your grammar and grasp sentence structure. You can start with materials that are right for your English level, then continue with more difficult texts.

You can also improve your English by listening to podcast music and watching movies. This will allow you to hear different accents and improve your listening skills.
