Tag! You're It!

1 In Ghana, Africa, children play Big Snake. One child is the "snake". The snake runs and tags another child. That child holds the snake's hand. Together they try to tag other children. Other children join the snake. At the end, there is one very big snake!

2 In Mexico, children play Sun and Ice. There are two teams. On each team, one child chases and tags a child on the other team. That child must freeze. He or she can't move. If another person on that child's team touches the child and says "Sun!" the child can move again.

3 In China, children play Catch the Dragon's Tail. Children stand in a line. They put their hands on the shoulders of the child in front of them. This is the "dragon." The first child is the head of the dragon. The last child is the tail. The head chases the tail. If the head child tags the tail child, the head child becomes the tail. A new child becomes the head. It's even more fun with two dragons!
