

Florence + the Machine

Bird Song

SONG WORKSHEET

[Verse]

Well, I didn't tell 1._____, but a bird flew by
Saw what I'd done, he set up a nest 2._____
And he sang 3._____ what I'd become
He sang so loud, sang so 4._____
I was afraid all the 5._____ would hear
So I invited him in, just to reason with 6._____
I 7._____ I wouldn't do it again
But he 8._____ louder and louder inside the house
And no I couldn't get him out
So I trapped him under a cardboard 9._____
Stood on it to make him 10._____
I picked up the 11._____ and above the din I said
"That's the last 12._____ you'll ever sing"
Held him down, 13._____ his neck
Taught him a 14._____ he wouldn't forget

[Pre-Chorus]

But in my 15._____ began to creep
That old familiar tweet, tweet, tweet

[Chorus] x2

I opened my mouth to 16._____ and shout
I waved my 17._____ and flapped about
But I couldn't 18._____ and I couldn't shout
Couldn't 19._____ and I couldn't shout

[Outro]

The Outro is the line "From my mouth" repeated over and over again. How many times was it repeated?
