The best way to improve the four skills: speaking, listening, reading and writing, is to practice regularly. You should make use of every **opportunity** to speak English with friends in class or at English speaking clubs or even with yourselves in front of the mirror. Learning by heart all the words does not help much if you do not read a lot because you will easily forget what you have learned. Reading books, listening to the radio and watching films are better ways to memorize words. Besides, English learners should not be so shy because making mistakes is unavoidable in learning foreign languages. Practicing speaking a lot is a good way to correct your mistakes.
