## Unit 5 Test | A

### Reading

6 Read the article and choose the correct answer.

#### Karaoke Challenge

**What is a karaoke challenge? Here's fifteen-year-old Maya to tell us.**

Our school has a karaoke challenge every year. There's always a big audience, so the students feel nervous, but it's fun! We sing to famous songs, and sometimes we play a musical instrument. I always sing to pop songs for the challenge because they're the easiest. My friends are very kind, and they say I'm great, but I think I'm terrible!

**And here's Maya's brother, Charlie. What are you doing for the challenge, Charlie?**

Pop is nice, but I think it's boring sometimes. I think rock is more exciting! I'm getting ready to play my bass guitar. It's my first concert! Rock music is usually loud – the older people in the audience often prefer quieter music, but they can enjoy Suzy playing the flute after me!

**Suzy, what type of music do you like?**

A lot of my friends say folk music is terrible, but I think it's the coolest! I'm doing karaoke with my best friend – she's singing a folk song and I'm playing the flute. People think the flute is a difficult instrument, but it's not! I sing too, but I can't play my flute at the same time! I want to learn to play the guitar – it's easier to sing with a guitar. I'm thinking about singing a pop song at the challenge next year. I prefer folk music, but pop is great too!
