

World Water Day 2022

Did You Know...?

Sadly, there are 884 million people in the world who don't have access to safe, clean water.

World Water Day takes place on _____ each year. This year's theme is _____.

World Water Day is important because it encourages us to think about the _____ of water across the world. The day also raises _____ of the 884 million people that don't have _____ to safe water. The aim is to take action to tackle the _____ water crisis.

Water is used for a range of _____, including hydration, food preparation, _____ and plant growth. Although in the UK water can be accessed easily through _____, in some _____ areas of the world, water is not as easy to source.

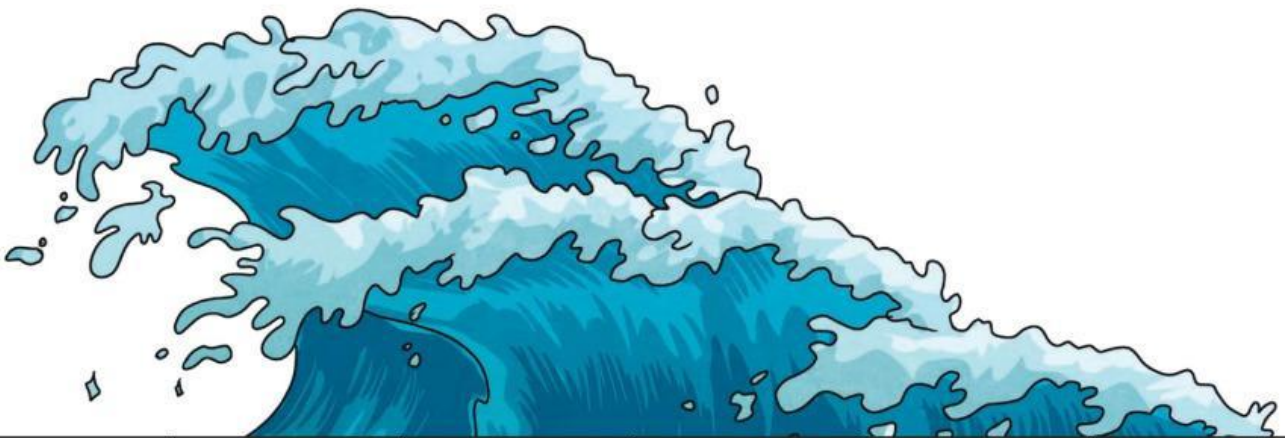

People often need to walk _____ to collect water from unclean water sources, such as _____.

_____, such as floods, droughts and storms can cause water problems. Lack of food due to _____ failures and _____ water are all examples of problems that can impact many areas of the world.

There are many ways that people can help to prevent water
 _____. Taking shorter _____ rather than using baths
 and turning off the tap when brushing your _____ are all examples
 of _____ water. Collecting _____ to water plants rather
 than running water from the tap or hose will also save water. Putting an
 end to the world water crisis is a _____ and we can all do
 something to help!

rainwater	Natural disasters	team effort	poverty	deprived	worldwide
22 nd March	crop	groundwater	awareness	teeth	rivers
saving	polluted	purposes	miles	access	showers
taps	cleanliness	importance
