

# The Best Job in the World

What do you think is the **best** job in the world?

Make a shortlist. Think about...

- ... what is good about it.
- ... what kind of salary it pays.
- ... the extra benefits.
- ... the working hours.
- ... what is not so good about it.

Now do the same for the **worst**, the **most interesting** and the **most boring** jobs in the world.

I think the best job in the world is **tour guide**. As a tour guide you get to go to many exotic places and you always meet new people. You get to see the world without having to pay for it. Although the salary isn't that great, I think the travel opportunities largely make up for that. I think it's a great job to start your career. Later on, when you are ready to settle down, you may even get promoted to a management position.
