# 1 ZOO

## PHONETIC TRANSCRIPTION

[zōo]

**Voiced.**

## PLACE OF ARTICULATION

**Alveolar**

An alveolar sound is made when the tip of the tongue touches or is just below the alveolar ridge. The alveolar ridge is the bumpy part of the roof of the mouth that is just behind the top teeth.

## MANNER OF ARTICULATION

**Fricative**

A fricative is produced by creating a narrow passageway for air to escape the mouth.

## EXAMPLE

We will go to the zoo this coming Saturday
