## The Gold Bug Part 4

Put the sentences in order of how they happened in the story.

\_\_\_\_\_ Jupiter climbs a tall tree.

\_\_\_\_\_ The three men find Captain Kidd's treasure chest.

\_\_\_\_\_ Legrand and his friends row a small boat to a small beach.

\_\_\_\_\_ Jupiter uses a string to lower the gold bug to the ground.

\_\_\_\_\_ Legrand and his friends dig a hole where the gold bug hit the ground.

Choose the best answer.

At the end of the story the narrator says he can't tell us how much money was in the chest because he's still counting. Why is it taking so long to count?

- a. They have trouble counting money.
- b. They don't know what everything is worth.
- c. There is so much money.
