

MAPS WITH CHANGES OVER TIME

TASK 1: 22.03.2025

You should spend about 20 minutes on this task. Write at least 150 words.

The map below shows a school in 1985 and the school now.

Summarize the information by selecting and reporting the main features, and make comparisons where relevant.

Introduction

- **Paraphrase the question:** Describe the diagrams, mentioning the time periods and overall transformation of the school.
- **Overview (Key trends):** Highlight the main changes, such as expansion, new facilities, and an increase in student population.

Body Paragraph 1: The School in 1985

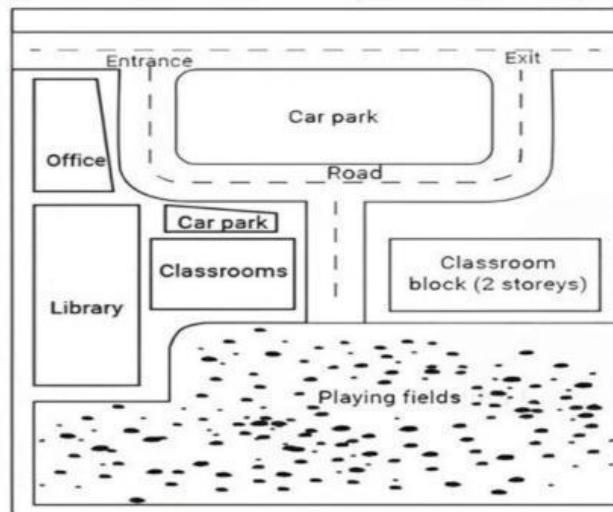

- Describe the **original layout**:
 - A **two-storey classroom block**
 - A **library, office, and small car park**
 - A **large playing field**
 - A **road running through the campus**

Body Paragraph 2: The Present School Layout

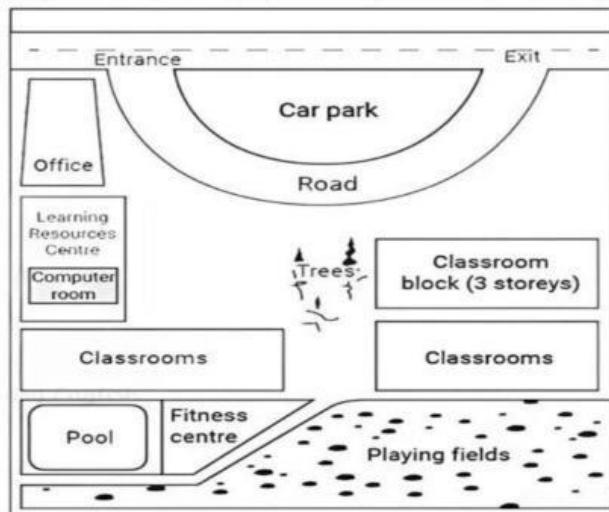

- **Major modifications:**
 - The **classroom block expanded to three storeys**
 - **Additional classrooms built**
 - The **library replaced by a learning resources center and computer room**
 - **New facilities: a fitness center and a swimming pool**
 - **Car park enlarged into a semi-circular shape**
 - **Trees planted**
 - **Playing fields slightly reduced**

Conclusion

- Summarize the transformation: **Modernization, expansion, and improved infrastructure to support more students.**

School in 1985
(School population: 1,500 students)

School now
(School population: 2,300 students)

featuring	has been added	has been converted	has been modernized	has replaced
has undergone	have been built	highlighting	including	in size
large portion	layout	modifications	semi-circular	additional

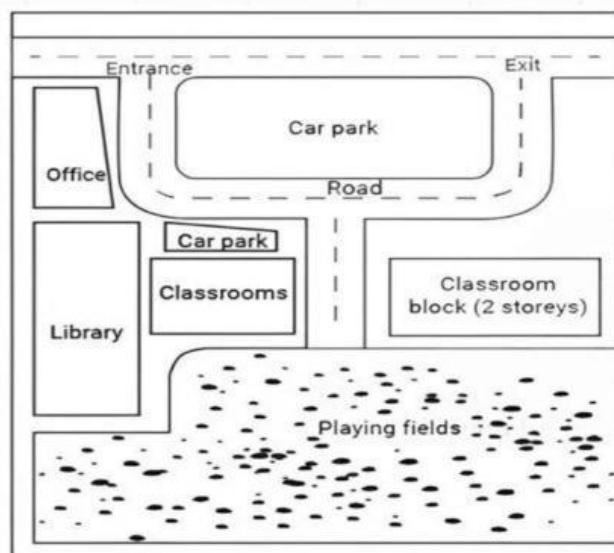

The diagrams compare the (1) _____ of a school in 1985 with its present design, (2) _____ changes made to accommodate a growing student population, which has increased from 1,500 to 2,300.

Overall, the school (3) _____ significant expansion, with new buildings and facilities added.

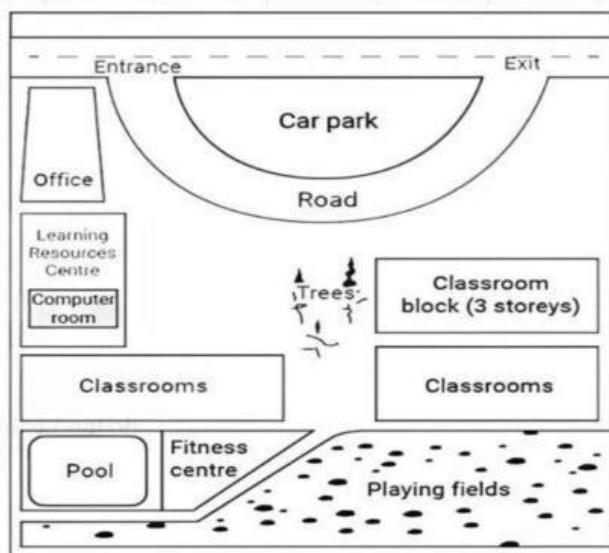

In 1985, it had a simple layout (4) _____ a two-storey classroom block, a library, an office, and a small car park. The playing fields occupied a (5) _____ of the school grounds, and a road provided access to the car park.

Over the years, several (6) _____ have been made. A three-storey classroom block (7) _____ the older one, and additional classrooms (8) _____. The library (9) _____ into a learning resources center with a computer room. New facilities, (10) _____ a fitness center and a swimming pool, have also been introduced. The car park has been expanded into a (11) _____ shape, and a small area with trees (12) _____. While the playing fields remain, they are slightly reduced (13) _____.

In summary, the school (14) _____ with improved infrastructure and (15) _____ facilities to support its growing student population. (184 words)

School in 1985
(School population: 1.500 students)

School now
(School population: 2.300 students)

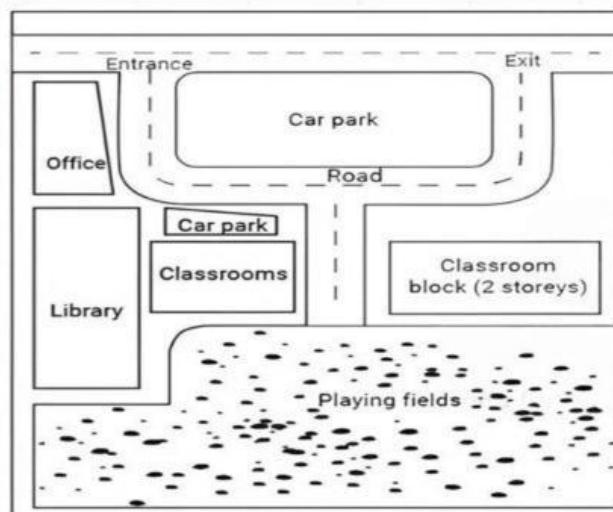

SUPPLY EACH GAP WITH THE APPROPRIATE FORM / TENSE OF THE VERB GIVEN IN BRACKETS:

The diagrams illustrate the changes made to a school between 1985 and the present day, (16) _____ [reflect] an increase in student population from 1,500 to 2,300.

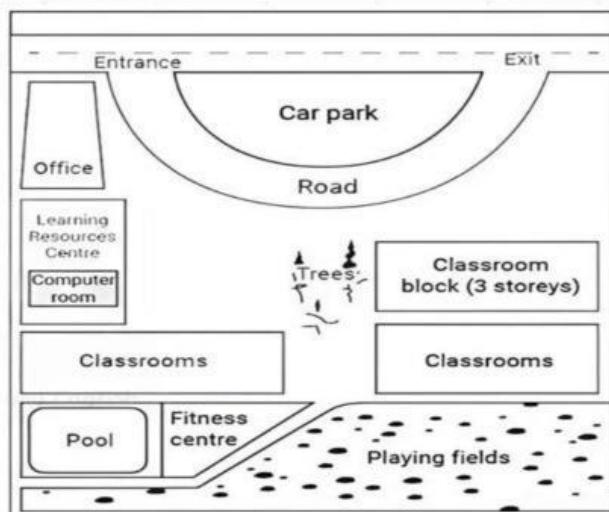

Overall, the school (17) _____ [modernize] with more academic and recreational facilities to support the growing student population. While some open space (18) _____ [lose], the improvements provide better educational resources and infrastructure.

In 1985, the school had a relatively simple layout. The main facilities included a library, classrooms, an office, a small car park, and a two-storey classroom block. The playing fields (19) _____ [occupy] a large portion of the area.

Over the years, the school (20) _____ [undergo] significant expansion to accommodate more students. A larger, semi-circular car park (21) _____ [replace] the previous rectangular one. Additionally, a new learning resources centre and a computer room (22) _____ [introduce]. The number of classrooms (23) _____ [increase], with a new three-storey classroom block replacing the previous two-storey structure. Furthermore, a fitness centre and a swimming pool (24) _____ [add], enhancing the school's sports facilities. Also, a small section of trees (25) _____ [plant]. (175 words)

School in 1985
(School population: 1,500 students)

School now
(School population: 2,300 students)

SUPPLY EACH GAP WITH THE APPROPRIATE FORM / TENSE OF THE VERB GIVEN IN BRACKETS:

The diagrams illustrate how a school, originally (26) _____ [design] for 1,500 students in 1985, (27) _____ [transform] to accommodate a larger population of 2,300.

Overall, the school (28) _____ [undergo] substantial development, with modernized educational and sports facilities (29) _____ [replace] a simpler layout, (30) _____ [ensure] it meets the needs of a growing student body.

In 1985, the school (31) _____ [feature] a relatively simple layout, with a two-storey classroom block, a library, an office, and a small car park. The playing fields, (32) _____ [cover] a vast area, (33) _____ [dominate] the lower section of the school grounds.

Over the years, significant **modifications** (34) _____ [make], resulting in a more developed infrastructure. The car park, previously rectangular, (35) _____ [redesign] **into** a semi-circular shape, allowing for improved traffic flow. A new learning resources centre, (36) _____ [incorporate] a computer room, has been constructed, which (37) _____ [offer] enhanced academic support. The former two-storey classroom block (38) _____ [replace] by a three-storey building, providing additional learning spaces. **Furthermore**, recreational facilities (39) _____ [expand], with a fitness centre and a swimming pool introduced. Some trees, (40) _____ [plant] near the playing fields, contribute to a greener environment.
