

We asked teenagers to tell us a bit about their social lives. Let's look at some of the comments!

"I love playing sports with my friends! Every weekend, we go to the park and have so much fun. We kick a soccer ball, throw a frisbee, and run around. It's great to be active and spend time with my buddies!"

"I'm more of an introvert, so I prefer making friends online. I chat with people on the internet and play games with them. It's nice because I can **be myself** and take my time getting to know others without feeling nervous."

"Hanging out at home and watching movies with my friends is the best. We **get cozy** on the couch with blankets and snacks. We pick out our favorite movies and laugh together. It's awesome to relax and enjoy each other's company."

"Going clubbing and dancing with my friends is so exciting! We **dress up** and head to the dance floor. The music is loud, and the lights are flashing. We laugh, dance, and **have a blast** all night long. It's the perfect way to let loose and have fun with my pals!"
