Reading: Health problems

Emma has **the flu**, and she is feeling terrible. She has a high **fever**, a **runny nose**, and a bad **cough**. She also feels very tired and has body aches. Her throat is sore, and she has chills, even though she is wearing a warm sweater.

After Reading Practice:

Choose **should** or **shouldn't** to complete the advices properly.

1. She **should / shouldn't** rest, drink a lot of water, and take medicine to feel better.
2. She **should / shouldn't** go outside because the cold weather might make her feel worse.
3. She **should / shouldn't** see a doctor if her symptoms don't improve.
