Reviews for Bavaria

Alex T., Munich

Don't let the name fool you. Bavaria isn't really a German restaurant. It's a restaurant for tourists. Nothing on the menu is really German, and you probably won't see any locals eating there.

I went with some friends from England. They read the reviews and really wanted to try it, so we stopped there on our way back down the mountain. We should have kept walking. It was really crowded, so we had to wait 30 minutes for a seat. Then it took another 30 minutes to get our food.

I ordered a salad, and it was terrible. It looked like all the vegetables were a week old. And of course it was all very expensive—it's the only place for miles!

Anya K., London

I stop at Bavaria every time I hike in the area. It's such a great place to take a break after a long walk. In summer you can sit outside and enjoy the views, and in winter there's always a cozy fire inside.

It can get really busy on the weekends, especially in the summer. But they always hire enough servers, so you won't have to wait long for a seat or for your food.

It is difficult to serve fresh fruit and vegetables at Bavaria. They can't bring them up the mountain every day. But the menu is simple, and they do a great job with the few items that they do serve. I think their French fries are amazing. They're crispy but not too greasy, and they have just enough salt.

Jon H., California

I don't think most people come to Bavaria for the food. They come for the atmosphere, the view, and because there aren't any other restaurants nearby. It's near the top of a mountain, and you can only get there by walking!

By the time you reach the restaurant, any food sounds good. But to be fair, the food at Bavaria actually isn't bad. They have the usual spaghetti, chicken, steak, and salad options. None of it is very fresh, but it tastes fine after a long hike up the mountain.

The atmosphere is very casual and friendly. They have these long tables, and everyone just sits together. You always meet new people, and if it isn't too busy, the servers will tell stories about all the famous people who have eaten there.

I don't recommend hiking up the mountain just to eat at Bavaria. However, any hike up the mountain isn't complete without a visit to Bavaria.
