Help with Writing

We write classified advertisements by using a special abbreviated style. This means that we include only the most important information. We usually leave out the verb **be**, auxiliary verbs such as **have** and the articles, **a / an** and **the**.

2 Write a classified advertisement for some items you would like to sell. Use the examples on the Reading page to help you. Include the following information:

- what each item is
- what each item is made of
- how much each item costs
- a telephone number.
