

OUR DREAM VACATION

Work in pairs to describe your dream vacation. Talk about the place you want to visit and the activities you like doing and don't like doing there. Include at least two activities of each using the vocabulary and the grammatical structure we practiced.

For example:

Our dream vacation is to go to Italy. We want to visit cities like Rome, Venice, and Florence. We like doing things like visiting famous landmarks, eating pizza and pasta, and walking around beautiful old streets. We also enjoy taking photos and learning about history. We don't like doing things like waking up very early or waiting in long lines. We also don't like very hot weather.
