

Numere naturale de la 0 la 31

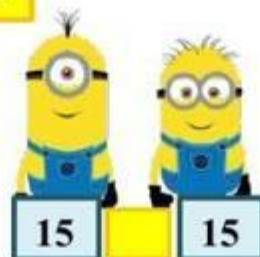

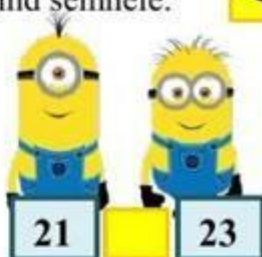

1. Scrie numerele care lipsesc:

2. Ordonează crescător numerele:

3. Compară numerele folosind semnele:

4. Calculează:

$4 + 4 = \square$

$2 + 7 = \square$

$10 + 3 = \square$

$13 + 1 = \square$

$14 + 2 = \square$

$15 + 3 = \square$

$29 - 1 = \square$

$26 - 5 = \square$

$24 - 3 = \square$

$23 - 3 = \square$

$22 - 2 = \square$

$26 - 2 = \square$

5. Scrie pe mere numerele care lipsesc:

$7 + \text{apple} = 9$

$4 + \text{apple} = 6$

$14 + \text{apple} = 16$

$2 + \text{apple} = 5$

$3 + \text{apple} = 6$

$13 + \text{apple} = 16$
