EX 11: Read the following passage about Embracing Independence with Confidence and mark the letter A, B, C or D on your answer sheet to indicate the best answer to each of the following questions

Stepping out of one's comfort zone is a transformative journey that shapes personal growth and self-discovery. While the familiar routines of daily life provide a sense of security, they can also become invisible barriers that hinder our potential for development. The process of embracing independence begins with **acknowledging** these limitations and making a conscious decision to overcome them. This crucial first step requires both courage and self-awareness.

The initial phase of this journey often involves facing fears and uncertainties. Many individuals experience anxiety when confronting new challenges, yet this discomfort is precisely what catalyzes growth. For instance, moving to a new city for career advancement or starting a business venture requires courage and resilience. These experiences, though **daunting**, cultivate essential life skills and boost self-confidence. The key lies in recognizing that temporary discomfort leads to lasting growth.

Furthermore, independence fosters creativity and problem-solving abilities. When faced with obstacles, autonomous individuals develop innovative solutions rather than relying on others for guidance. This self-reliance not only enhances **their** professional capabilities but also strengthens their emotional intelligence and decision-making skills. The ability to think independently and take calculated risks becomes second nature, leading to increased adaptability in various life situations. Such independence creates a positive cycle of growth.

The path to independence also involves building a support network while maintaining personal autonomy. **Successful individuals understand that seeking advice or assistance doesn't diminish their independence; rather, it demonstrates wisdom in recognizing when to collaborate.** This balance between self-reliance and interconnectedness is crucial for sustainable personal development. By carefully navigating these relationships, one can maintain independence while benefiting from the collective wisdom of others.

Question 1: Which of the following is NOT mentioned as a benefit of stepping out of one's comfort zone?

- A. Enhanced problem-solving abilities
- B. Increased emotional intelligence
- C. Improved financial management
- D. Strengthened decision-making skills

Question 2: The word "**acknowledging**" in paragraph 1 is OPPOSITE in meaning to _____.

- A. accepting B. realizing C. denying D. understanding

Question 3: The word "**daunting**" in paragraph 2 could be best replaced by _____.

- A. exciting B. rewarding C. simple D. intimidating

Question 4: The word "**their**" in paragraph 3 refers to _____.

- A. autonomous individuals B. obstacles C. others D. solutions

Question 5: Which of the following best paraphrases the underlined sentence in paragraph 4?

- A. Smart people know that working alone shows strength, while asking others for help indicates a lack of confidence.
- B. Wise individuals realize that requesting guidance proves maturity and doesn't compromise their autonomous nature.
- C. Independent people prefer to solve problems by themselves and only seek assistance when absolutely necessary.
- D. Successful leaders maintain complete self-reliance and avoid collaboration to preserve their decision-making power.

Question 6: Which of the following is TRUE according to the passage?

- A. It primarily focuses on physical challenges and requires extensive financial planning for success
- B. It emphasizes maintaining existing routines and avoiding all forms of professional uncertainty
- C. It involves balancing self-reliance with strategic collaboration while fostering personal growth
- D. It demands complete isolation from others and rejection of any external support or guidance

Question 7: In which paragraph does the writer mention the primary outcome of developing independence?

- A. Paragraph 3
- B. Paragraph 1
- C. Paragraph 4
- D. Paragraph 2

Question 8: In which paragraph does the writer mention facing discomfort and fears is necessary for personal development?

- A. Paragraph 1
- B. Paragraph 2
- C. Paragraph 3
- D. Paragraph 4

B. PHẦN TỰ LUẬN
