Really? You think so?

About a year. It's not that old.

First, you'd better install a good antivirus app. And be sure to update it.

Maybe someone hacked it.

OK, I'll download one now. What else should I do?

No, I'm just kidding. It's probably just a virus.

I can't believe my phone's frozen again.

How long have you had it?

Well, don't forget to reset all your passwords.

Oh. So what do I do now?

That's a good idea. I never remember to change my passwords.

One more thing. Try not to use public Wi-Fi networks.

You're right. I have to learn to be more careful.
