- A. coach B. dancer C. player D. athlete

C. READING (3 points)

PART 1. *Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 19 to 24. (1.2 points)*

Cool Facts About Television

Television has a long and interesting history with many surprising facts. Philo Farnsworth, who invented the first television system, didn't allow his own children to watch TV because he believed it wasn't good for them. In the past, TV was only in black and white, so people couldn't see colors, just grey tones. Later, color TV became common around the world.

In 1969, when man first walked on the Moon, over 600 million people watched this amazing event live on TV.

Another surprising fact is that Suresh Joachim, a man from Sri Lanka, watched TV continuously for 69 hours. He set this world record in 2005 and became famous for his achievement.

(NB) Question 19. The first television system was invented by _____.

- A. John Baird
B. Philo Farnsworth
C. Thomas Edison
D. Alexander Bell

(NB) Question 20. Philo Farnsworth didn't let his children watch TV because he thought it _____ their studies.

- A. supported
B. improved
C. affected
D. helped

(NB) Question 21. In _____, millions of people watched the first Moon landing on television.

- A. 1959
- B. 1969

PART 2. Read the following passage and mark the letter A, B, C, D on your answer sheet to indicate the best answer to each of the following questions from 25 to 29. (1.0 point)

A Green School

Greenfield Secondary School is one of the most eco-friendly schools in the UK. The buildings use solar panels for electricity and collect rainwater for toilets and gardens. The school also has a big vegetable garden, where students learn how to grow food. Most of the school furniture is made from recycled wood, and students are encouraged to bring lunch in reusable containers. Teachers and students travel to school by bike or on foot to reduce air pollution. Everyone at Greenfield is proud of helping protect the planet. They believe that every school should try to be green and teach students how to care for the environment.

(TH) Question 25. What is the main idea of the passage?

- A. Students grow vegetables for lunch.
- B. Greenfield School teaches students how to care for the environment.
- C. The school uses a lot of electricity.
- D. Teachers drive to school every day.
